

MEMBER TREE CLEARING REQUEST

Thank you for taking the time to fill out this questionnaire. Northern Lights, Inc (NLI) tries to offer assistance to members who have a tree concern that involves the power lines. This questionnaire is an important tool to help our crews determine what type of assistance is needed. The typical situation involves NLI either side trimming the tree, felling the tree, or when the tree jeopardizes other structures NLI may remove the wires until the owner or owner's agent can fall the tree, then NLI will put the wires back up. Generally, the property owner will be responsible for any clean up. Please mail this back to Northern Lights, Inc. Attention: Tree Dept. P.O. Box 269 Sagle, ID. 83860
